

Build A Quilt

Workshops & Guild Programs

★ **Teaching with Build A Quilt (BAQ)**

I love teaching and connecting with quilters.

Sharing the Build A Quilt (BAQ) method is one of my favorite parts of this work — watching confidence grow block by block, seeing the “aha!” moments, and helping quilters discover how fun and approachable this system really is.

I offer guild programs, workshops, shop events, and virtual presentations for groups of all sizes.

If your guild or shop is looking for something fresh, structured, and joyful, I'd be honored to join you.

Students leave with: A solid understanding of the BAQ system. Clear, repeatable techniques. A project they're excited about. A sense of accomplishment and momentum
